## Appendix D: Quality Policy Statement

It is the policy of J J Churchill Ltd to provide its Customers with the products which fulfil their specified requirements.

The following principles are applied throughout the Company: -

- a) Full commitment of all personnel to this quality policy allied to meeting all objectives and active involvement in quality improvements.
- b) Full understanding by all employees of the long-term importance of achieving Customers', Statutory and Regulatory requirements and expectations and needs by providing consistently high-quality products
- c) An appreciation that a consistent quality service can only be achieved by ensuring control at each stage of production with the ultimate aim of achieving "zero" defects.
- d) Management Reviews and Team Meetings are used to review the performance against the agreed objectives to measure the effectiveness and suitability of the Management system and for continual improvement.
- e) This policy shall be reviewed annually at the Management Review to assess its ongoing suitability.

A companywide management system is in operation which is designed to comply with the requirements of ISO 9001: 2015, AS/EN 9100 rev D and ISO 14001: 2015.

The overall responsibility and authority for ensuring Companywide compliance to these standards is delegated to the site Quality Manager with full support from Executive Management.
